## RAILROAD VALUATION

Has Steadily Increased Under Auditor Toan's Administration.

The valuation of every railroad in Wood county except the Maumee Valley Electric has been increased during the two years Mr. Toan has been Auditor and the valuation of the J. & O. C. has been raised nearly \$100,000 in Wood county. Steam railroads are appraised in May and electric roads in June of each year. Each board of appraisers is composed of the Auditors of the counties through which the railroad runs.

The minutes of the T. & O. C. board of appraisers show that Mr. Toan made the motion in 1907 that increased the valuation of that road nearly \$50,000 and that in 1908 he seconded the motion that again raised the valuation almost \$50,000 more.

The minutes of the various boards of appraisers further show that Mr. Toan's vote has always been cast in the affirmative on every proposition to raise the valuation.

The total increase in value of all railroads that have been on the tax duplicates of Wood county during the two years that Mr. Toan has been Auditor has amounted to \$241,348 as shown by the table below. These additions in value have increased the taxes on railroads about \$5,000 and is a saving of that amount to other tax-payers of Wood county.

## ASKS FOR ARBITRATORS

To Divide Costs of the Big Mud Creek Ditch.

The commissioners of Wood and Seneca counties having refused to act with the Sandusky county board at a joint session to consider the Big Mud creek ditch, the commissioners of Sandusky county have taken the matter into the probate court and filed a petition asking that arbitrators be named, two from each county, to settle the matter if possible and ascertain what each county should pay for the improvement.

The ditch, if constructed, would cost in the neighborhood of \$60,000. As the ditch would drain a large section of both Wood and Seneca counties and go clear through Sandusky county, the commissioners of Sandusky county demand that Seneca and Wood pay their share. The commissioners of the other two counties desire to make a joint ditch out of the improvement. The required petition was filed at Fremont Monday, and the proceedings will be pushed.

## DR. E. H. TOBIAS

Well Known Bowling Green Physician Dies Suddenly From Asthma.

Dr. E. H. Tobias, one of the best known and most popular physicians of Bowling Green, died very suddenly at about 10 o'clock Sunday morning. He had been down to his office and dropped into Lehmann's meat market when he was suddenly taken with an attack of asthma. He hastened to Dr. F. A. Stove's office in the same block and expired almost immediately.

Funeral services were conducted at his home at 10 o'clock Wednesday morning, under the auspices of Wood County Lodge F. & A. M., and interment was made in Oak Grove cemetery.

Dr. Ezra H. Tobias came to Bowling Green a few years ago and began the practice of medicine, having come from Inland, Summit county, where he had practiced for several years.

At the time of his death he enjoyed a very large practice. He was a member of the Elks and W. O. W. and the Masonic order, and also took a deep interest in public affairs, being a member of the city board of health.

He was forty years of age and was born in Pickaway county, near Circleville.

Seventeen years ago he was married to Miss Lulu Hemminger at North Baltimore. He is survived by his wife and two daughters, Madeline, 12, and Corrine, 9, besides his mother who resides with a daughter at Linden Heights, three brothers—J. H., of Lancaster, Ohio, I. H., of Darlington, Maryland, and G. O. of Charleston, W. Virginia, and two sisters, Mrs. O. T. Roof of Linden Heights, Ohio, and Mrs. E. W. Croner of Mountain Grove, Missouri.

## BOTH LEGS CUT

Toledo Boy Has Painful Experience While Visiting at Luckey.

George Geisbuhler, 13, son of Chris. Geisbuhler, of 637 White street, East Toledo, was badly cut about the legs by a mowing machine at the home of his uncle, Anthony Kroetz, of Luckey, last week. The sharp knife cut halfway through the bone of the right leg and nearly reached the bone of his left leg. But for the quick stop made by the horses both legs would have been severed.

The driver of the mower had found a turkey's nest in the meadow, and George accompanied the mower to the spot, leading one horse, with the intention of stopping as soon as the nest was reached. When he came to the place he halted, but the team kept on, and before he realized his danger the sharp knife of the mower had done its work.

The injured boy was taken home from Luckey Monday afternoon.

## NEW MORTGAGE LAW.

The recent legislature passed an amendment to the old 'chattel mortgage law that will be of interest to our readers. Three years instead of one as heretofore, may now elapse after the filing of the mortgage before it becomes void. Following is amendment as passed:

Every mortgage so filed shall be void, as against the creditors of the person making the same, or against subsequent purchasers or mortgagees in good faith, after the expiration of three years from the filing thereof, unless within thirty days next preceding the expiration of the said term of three years, a true copy of such mortgage, together with a statement verified as provided in the last section, together with a statement exhibiting the interest of the mortgage in the property at the time last aforesaid, claimed by virtue of such mortgage, is again filed in the office where the original was filed.

## ROSSFORD ROW

Breaks up Court and Lands one Man in Jail.

About the liveliest adjournment of court on record was witnessed in Squire King's court in Rossford, Monday night when Sheriff A. C. Roach and Deputy Shoecraft arrested Carl Glosch.

As a result of the arrest which was preceded by a rough and tumble contest for supremacy between the law and the alleged violator, Roach has a sore leg, Shoecraft a bandaged finger and Glosch a good many bruises, besides some badly skinned up wrists.

Monday Steven Sevic swore out a warrant for Glosch, charging him with assault and battery upon Mrs. Sevic, in Justice Nearing's court. Glosch and Sevic live near Rossford and the officers went down to Rossford Monday evening to get Glosch. When they arrived there they found that Glosch had sworn out a warrant for the arrest of Mrs. Sevic and that they would have a hearing shortly, before Justice King. Mrs. Sevic waived examination and was bound over to the grand jury and no sooner had this been done than Sheriff Roach asked the justice if he was through with the case. Upon being answered in the affirmative, the sheriff told Glosch he was under arrest. This started things at once, Glosch not waiting upon ceremonies and neither did the officers. The room was filled but there was little time lost in all getting-out. Everything in the room, in the way of furniture, also had to get out of the way and finally the trio went out through the front door taking the screen with them.

In the struggle Glosch fastened his teeth into the calf of Roach's leg and made an ugly wound. They finally subdued the man, but not before he had worn considerable skin off his wrists resisting the placing of handcuffs thereon. During the racket a woman raised a club to strike one of the officers but some one interfered and she escaped an ugly charge.

The officers took their man to Toledo, where he was locked up while Sheriff Roach found a doctor to cauterize and dress his wound. Glosch pleaded not guilty to assault and battery and was bound over to the grand jury.

It is claimed that the fuss between Mrs. Sevic and Glosch started over a chicken.—Sentinel-Tribune.

## BARN BURNED.

A barn owned by Abbie Gill at Weston, was burned Sunday. It is believed to have been set from a spark from some man's pipe who may have been about the barn smoking. The loss will be a couple of hundred dollars. A horse and rig in the barn at the time were saved.

## FIFTEEN MILES

Bowling Green Boy Swims from Walbridge Park to Casino.

Howard Deckard on Sunday, swam the Maumee river from Walbridge Park to the Casino, a distance on a straight line of twelve miles, and probably fifteen miles as he swam it as he had to work his way around innumerable boats and obstructions.

So far as known, no one ever attempted this feat before, though it is understood that swimmers have done the distance between Walbridge and Riverside park.

"Spike" entered the water at ten minutes to eleven in the forenoon and finished at five ten, having been in the water six hours and twenty minutes. Spike was accompanied by his brother, Manley, Matt Leindecker, Jack Reed and George Heyman all of this city, in a boat.

During the trip Deckard ate six sandwiches and drank the juice of two lemons. Though the surface of the water was choppy, the worst difficulty was in getting around the numerous boats going up and down the river, and on two or three occasions the boys thought they would have to take the swimmer aboard their boat to prevent his being run down.

"Spike" says the last three miles were easy, it taking him but thirty minutes to cover them. The trip was made almost unannounced and few people had any idea when he landed, how far he had come, or how long he had been in the water.—Sentinel-Tribune.

## COURT HOUSE CULLINGS

Interesting News Items From the Various Departments.

Sheriff A. C. Roach had a lively chase after an insane man near LeMoyné, Sunday. The man's name is B. F. Walton, aged about 30 and he resides two miles east of LeMoyné. When he saw the sheriff coming Walton took to his heels down the road and Andy had a lively run to catch him.

Walton is violent at times and it is necessary to keep him in a straight jacket a portion of the time to prevent him from harming himself and breaking up everything he can lay hands on.

He was taken to the State Hospital at Toledo, Monday.
